

A new opportunity for your business

North Pennines Observatory

If you run a business or an organisation in the North Pennines AONB this wonderful new facility, developed by the North Pennines AONB Partnership, paid for by the Heritage Lottery Fund and hosted at Allenheads Contemporary Arts, offers an opportunity to take advantage of your unique location and incorporate stargazing as part of your product offering for

customers (or your own employees). By paying an annual fee of just £50 to become a supporter of the Observatory your business or organisation will:

- ◆ Be listed on our website as Corporate Supporter.
- ◆ Be able to incorporate stargazing as part of your product offering by promoting the fact that your guests/employees (up to 5 for each event) can participate in the Observatory's FREE Member Evenings including training on using telescopes, night sky photography etc; inclusive of refreshments. Event capacity is limited so all events will be pre-bookable on our website.
- ◆ Receive regular e-mail updates about Observatory events and notable night sky events throughout the year.
- ◆ Get discounted entry into other star-gazing events at the Observatory and discounts on merchandise.

To find out more visit our website at:
